

Changing Lanes

Changing lanes in traffic is a critical skill that must be developed and maintained. Improper lane changing causes numerous collisions each year.

Vehicle damage, personal injury, even death, can be the result of a bad lane change.

This assignment calls for you to come up with **10 different reasons** for making a lane change. You will also **list the five proper steps in making a safe lane change**.

The assignment is worth 5 marks and must be presented in session five.
